What is a budget?

A budget is the instrument that sets forth a financial plan for the achievement of the goals and objectives of the school district for the upcoming year. It is also the community's educational plan expressed in dollars. It is required to be formally adopted by the Board of Directors each year and a copy submitted to the state. The budget covers the school fiscal year, which is September 1st through August 31st of the following calendar year. It establishes maximum expenditure amounts for each fund and provides a means of measuring and guiding performance. The budget consists of five separate funds:

General Fund

Accounts for the day-to-day operation of the school district. Included are all normal and recurring financial activities of the school district that are not accounted for in other funds. Expenditures include salaries and benefit costs, as well as non-salary costs such as supplies and materials, books and other instructional materials, utilities, purchased services, and equipment. Revenues for the General Fund include state funds, special maintenance and operation levy funds, federal funds, and local funds.

Associated Student Body Fund (ASB)

Accounts for the student extracurricular activities in the middle school and high school. Each school student body organization prepares and submits, for Board approval, a revenue and expenditure plan of ASB activities for the school year.

Debt Service Fund (DSF)

Provides for the redemption and payment of interest on voted bonds (school construction) and non-voted bonds (school bus purchases). Each year an amount is levied, which provides for redemption of bonds currently due, interest payments on bonds outstanding, and other related costs.

Capital Projects Fund (CPF)

Accounts for the financing and expenditures of capital projects such as new building construction, building modernization, equipping of new facilities, site purchases and improvements, major renovations, technology system upgrades, and energy conservation measures. Revenues for the Capital Projects Fund include state matching funds, investment earnings, site sales, mitigation fees, bonds and levies, and Federal forest funds transferred from the General Fund.

Transportation Vehicle Fund (TVF)

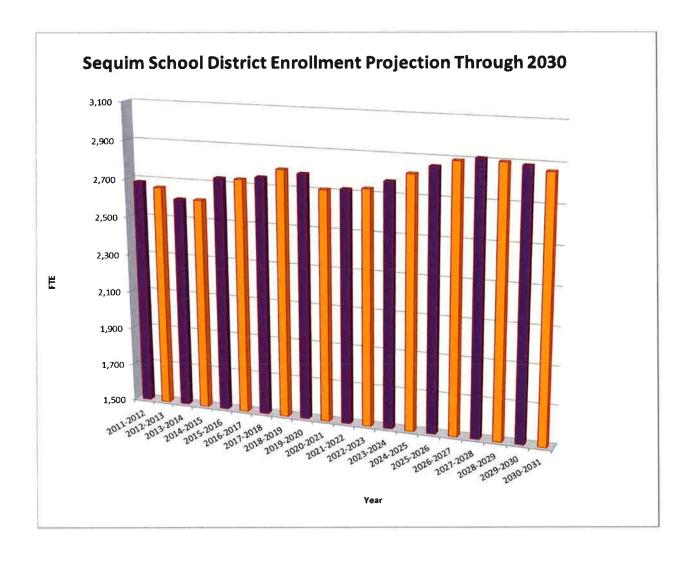

Accounts for the purchase and major repairs of pupil transportation vehicles. Revenue for this fund includes state depreciation funds, investment income, and a Transportation Vehicle Fund levy which expires at the end of 2014.

Sequim School District No 323 Budget Summary 2014-2015

| | General Fund | Associated (Student Body Fund | Debt Service Fund | Capital Projects Fund | Transportation Vehicle Fund |
|--|--------------|-------------------------------|----------------------|--------------------------|--------------------------------|
| Beginning Total Fund Balance | 2,240,000 | 325,000 | 477,980 | 20,000 | 405,000 |
| Total Revenues | 27,531,529 | 898,684 | 321,543 | 356,800 | 888,578 |

| Excess of Revenues Over/(Under) Expenditures | (314,559) | (8,953) | (477,978) | (20,000) | (405,000) |
| Ending Total Fund Balance | 1,925,441 | 316,047 | 2 | 0 | 0 |
| Net Excess Levy Amount for 2015 Collection | 5,780,000 | xxxx | 0 | xxxx | 0 |

Enrollment

Student enrollment is one of the key factors in planning and conducting the delivery or educational services. Sequim School District enrollment in total is expected to change vary slightly from 2013-2014 to 2014-2015. In the long term, if historic enrollment patterns continue, the district should expect an steadily rising enrollment through 2027-2028 based on birth rates in the district and the ensuing implementation of full day kindergarten.

From where does the money come?

State Apportionment

Provides the largest portion, 54.7 percent, of the Sequim School District's general fund revenue. Apportionment is otherwise known as state general purpose funding. The amount is determined by the number of students attending our schools and a series of formula factors including legislatively set base salaries, employee benefits and non-labor allocations, as well as the collective education and experience of our teachers.

Educational Programs & Operation Levy

Provides 20.99 percent of budgeted revenues. Levy amounts are capped by the legislature and must be approved by Sequim School District voters at a special election.

State Categorical

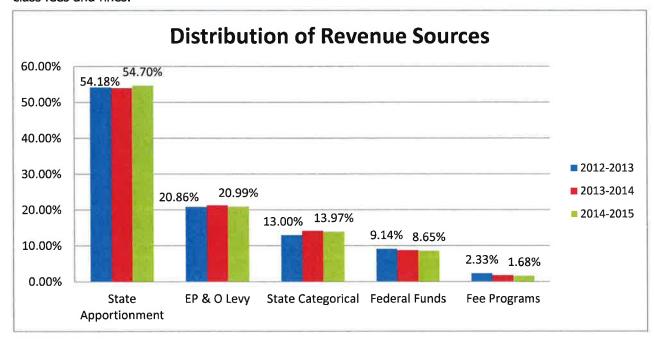

Provides 13.97 percent of budgeted revenues. These are categorical funds that come from the state for programs such as special education, pupil transportation, bilingual, learning assistance, student achievement, and education enhancements. Most of these revenues are given for a specific program and are not available for other purposes.

Federal Funds

Comprises 8.65 percent of our projected revenues. These monies fund programs such as Title I, school improvement, and Indian education. They also provide supplemental funding for special education and support free and reduced lunches in the food service program. These revenues may only be used for their specific program purpose.

Fee Programs

Generates 1.68 percent of local non-tax funds for programs such as school food services, College English Program, and summer school. Also included are investment earnings, rental income, and class fees and fines.

Where does the money go?

Teaching Activities

Consumes 61.0 percent of the district's budget. This includes teachers and instructional assistants, teaching supplies, instructional materials and textbooks, staff professional development, computers and other capital outlay, as well as the cost of extracurricular activities.

Teaching Support

Represents 8.6 percent of budgeted expenditures. This includes librarians, counselors, psychologists, nurse, communication disorder specialists, along with their support assistants, as well as campus security personnel. Also included are costs of library books, subscription services, equipment, and special education occupational and physical therapists.

Building Administration

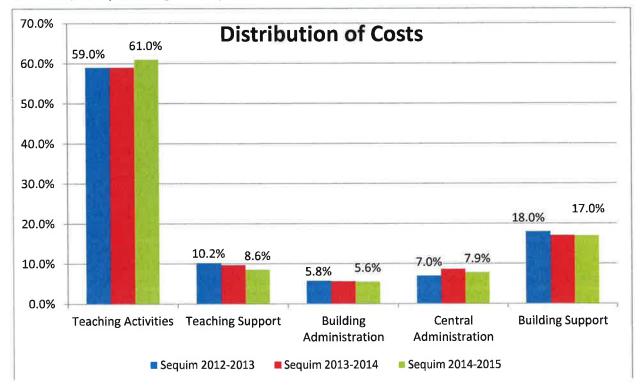

Comprises 5.6 percent of the district's budget. This includes building principals, assistant principals, secretaries, office assistants, and their associated operating costs.

Central Administration

At 7.9 percent of the general fund budget, expenditures include the expenses for the school board, superintendent's office, human resources, business office, and curriculum/technology director. Also included are supervisor expenses for food services, pupil transportation, and the maintenance department. Audit costs, election fees, and attorney fees are recorded here.

Building Support

All other costs are recorded here and consume the remaining 17.0 percent of the district's budget. This includes food services, pupil transportation, maintenance of grounds and buildings, utilities, insurance, data processing, motor pool, and community services.

Revenues

The Special Education programs to serve students with disabilities are administered through the Office of Special Programs. Children between the ages of three to 21, who meet specific state criteria, are provided with special assistance. Program emphasis for individual children is directed toward a least restrictive environment. Whenever possible, the child is served in his/her home school with services to address his/her specific needs. In addition to the classroom programs which are provided at each of the schools, the District also provides support services to these programs with school psychologists, speech/language pathologist, occupational and physical therapists, and other related services as needed.

The Individuals with Disabilities Education Act, Section B (IDEA-B) provides educational and support services to students ages 3-21. It is intended to support both state and local efforts to deliver education services to disabled students. This grant is on-going and is not part of the American Reinvestment and Recovery Act (ARRA).

The Teacher Assistance Program is stated-funded and serves new teachers with no more than 90 days of substitute teaching experience. The program provides mentor teachers, who serve as a source of continuing and sustained support to beginning teachers, or to experienced teachers who are having difficulties. All teacher participants receive a stipend. This program also records expenditures associated with the National Board Certification Program. Teachers who qualify for this program receive an annual bonus of \$5,000 funded by the State of Washington.

As a part of the National School Breakfast and Lunch Program, it is our goal to provide nutritious and appealing meals to the students and staff of the District. The program is designed to maintain the lowest possible prices while meeting all federal and state regulations. It is also the goal of Food and Nutrition Services to remain financially self-supporting.

School bus transportation is a cooperative matter involving school, parents, students, and community. State revenue supports approximately 93.5% of the cost of transportation. New buses are purchased with state bus depreciation revenues and transportation vehicle fund levy and are budgeted in the Transportation Vehicle Fund.
